

Every student, every day, on track for success

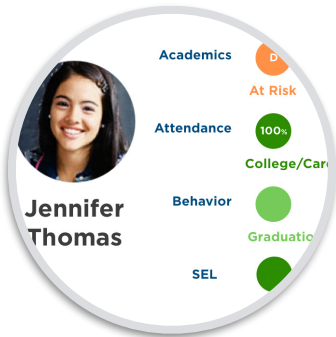

There's a better way for schools leaders, counselors, and student support teams to monitor and act on data. Panorama Student Success provides a complete picture of every student's progress in academics, attendance, behavior, and social-emotional learning.

A better way to use data to support the whole student

Panorama Student Success provides one place to discover the insights you need to make decisions and take data-informed action to support every student.

Monitor students' readiness

Understand students' progress with readiness indicators for college/careers and graduation. Identify students who are on track, at risk, and those in need of critical support.

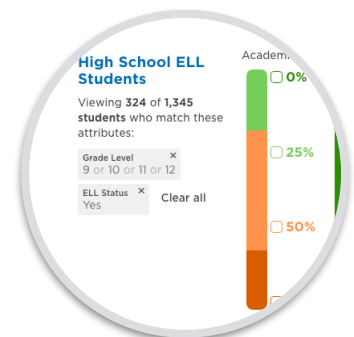

✓ **Dedicated support and coaching**
Our team works with you to ensure seamless implementation and coaching

Integrate social-emotional learning data

Collect and analyze data about students' social-emotional learning (SEL) skills, including: Growth Mindset, Grit, Social Awareness, Self-Management, Self-Efficacy, and more.

✓ **Integrates with your SIS**
Syncs with PowerSchool, Infinite Campus, and other data systems on a daily basis

Track groups of students

Monitor student subgroups by combining multiple attributes from across your data systems. Save these students into "Smart Groups" or add individual students to track progress over time.

✓ **Data security and privacy**
Keeps your data secure with FERPA compliant storage and authentication

TRUSTED BY INNOVATIVE SCHOOLS NATIONWIDE
